

To the Members of the California State Assembly:

I am returning Assembly Bill 501 without my signature.

While I support the safe and proper disposal of home-generated sharps waste, this bill only applies to the disposal of prefilled injection devices. Although the use of these devices is increasing, omitting other types of home-generated sharps from the bill could potentially create an unintentional disincentive for the production and use of these prefilled injection devices. Limiting the types of sharps in this way, making the bill's provisions take effect only upon the request of consumers, and the options provided to the manufacturers of these devices will likely reduce the efficacy of this bill. Lastly, and most importantly, this bill is unclear as to who bears the ultimate cost of these containers. This problem requires a solution that must be shared among all the stakeholders, not just the manufacturers of one type of device.

Sincerely,

Arnold Schwarzenegger
